PROFILE

Web Developer with a proven ability to learn and adapt to new project requirements and carry out in an organized manner to ensure deadlines are met. Currently seeking an entry level position in Front-End Development. Constantly expanding on skills and knowledge to remain a valid candidate.

SKILLS

HTML

CSS

JavaScript

React.js

Three.js

EXPERIENCE

WEB DESIGNER/DEVELOPER

Gogetterz Clothing

Jan. 2022-Feb. 2022

- Designed and developed app template using React.js for the Front-End, as well as a Back-End server to communicate with Stripe for payments.
- Created accessible, responsive, and functional user interfaces to ensure visitors on any device have the same perfect user experience.
- Created a visually appealing landing page with CSS Animations, HTML canvas 3D elements created and animated with Three.js, and luring calls to action.
- Ensured site to be PCI Compliant and secure to protect all credit card transactions and other user data.

WEB DESIGNER/DEVELOPER

IdaHomeServ LLC

Dec. 2022-Mar. 2023

- Designed and developed website template using HTML, CSS, and JavaScript for the company's future dot com.
- Ensured the responsiveness of the site to allow proper scaling on any sized device screen.
- Maintaining contact with company owner to determine where project is to go next.

PROJECTS

WebEngines.org - CSS and JavaScript Tutorial Site

- Dedicated to providing clear, concise, and validated tutorials covering some of the more unique coding methods of CSS and JavaScript. This is a single page application created using React.js. This project will continually be expanded upon.
